PRODUCTION COMPANY

a_BAHN is a distinctive production company with unique experience in impact producing and outreach. The company is dedicated to supporting the creation of content that is both artistic and accurate and that engages an audience in response, bringing together the traditional worlds of film and television and new media. Our projects are built around the passion of the author and seek to weave together documentary narrative and the investigation of ideas in visually compelling ways. Whether in the areas of music, law, fashion, or social issues, our goal is to infuse the approach to these subjects with a sense of the civic dimension. This commitment is our DNA as we see media as a tool for change and social cohesion. We seek out strong editorial lines, not polemics, that are built on sound research. Key word: bold.

a_BAHN works with networks such as ARTE, SWR, and France Télévisions. We are proud to be able to count on the support of Film Fund Luxembourg, Creative Europe MEDIA or the CNC, as well as international and regional funds such as Pictanovo and Wallimage. Our projects are regularly selected for and awarded by international competitions and festivals.

In Annecy, this year, **ZERO IMPUNITY** is selected in the "contrechamp" feature films competition and **AYAHUASCA** in the VR official competition.

GHOSTDANCE

IN DEVELOPMENT

GHOSTDANCE tackles the growing phenomenon of feminicide in the First Nations in Canada. Using magical realism and humour, the film unveils the quest of Mykis, an indigenous teenager, and the spirit of a faceless young woman, both in search of their identity. Envisioned as an incandescent animated poem, this animated feature film and impact campaign are a tribute to the activism of native women and girls.

SHOCK THE MONKEY – 2046. SOMA is an activist and also the code name for a spirit liberation program stemming the privatisation of our minds by multinationals and consumerist ideology. With your permission, she infiltrates your brain to help you take back your free will. A luminous, poetic, militant VR journey, in 3D and live sequences.

AMNESIA – The world a father creates in his mind to keep his daughter alive faces destruction as doctors aim to heal him by making him accept.

Since 2009 CG LUX is based in Luxembourg and offers a wide range of creative services in animation, either in 2D or 3D and in special effects. It is our goal to maintain the value aspect of images while establishing an efficient workflow.

We have developed our own working process for rendering in order to simplify the integration of 3D characters into 2D painted backgrounds and to keep the workflow harmonious and seamless. This new workflow is being used for three feature films: ICARUS, a co-production by Iris Group, APPLE PIE LULLABY, a co-production by Paul Thiltges Distributions and THE PRINCE OF THE CITY OF SAND, another co-production by Iris Group.

Our compositing techniques allow us to get close to what traditional 2D animation usually looks like, but also gives us the possibility to use well known 2D animation techniques to directly paint lights and shadows on top of animated characters while maintaining the feeling of being hand-made.

The prince, guided by his young friend Tom, discovers with enthusiasm and fascination this society yet frozen and sclerotic. Meanwhile, the couple of researchers dream to convince the Academy of the veracity of their previously rejected thesis... Conceived as a narrative, close to the fable, THE PRINCE'S VOYAGE is a sort of travel diary in a world that is a little familiar to us, but very surprising for this old ape.

The BTS offers pedagogical programmes which enable every student to gain a foothold in any animation studio after their studies and to work in all the different fields of animation. Since September 2018, the school has been offering two training programmes focused on animation:

"Brevet de Technicien Supérieur" a 2-year programme (120 ECTS); "Bachelor en Dessin d'animation" a 3-year programme in collaboration with the University of Luxembourg (180 ECTS).

CURRENT FINAL YEAR STUDY PROJECTS WARRIORKID

Kid is a little girl who's afraid of the dark. One night, she wakes up in the middle of a thunderstorm. After all the lights have gone off, she tries to turn her bedside lamp on, but in vain. She realizes that there has been a power outage. In the dark a feeling of great fear overcomes Kid and she gets out of bed. This is when her shadow grows, becomes huge and attacks her. But how could Kid defeat her most nightmarish anxieties?

WARRIORKID

DAYDREAM – Far from her home for the holidays, Claire, an adventurous little girl, is bored out of her mind. Without anything to do her summer is slowly becoming increasingly frustrating. When then her beloved plushie disappears, she certainly doesn't expect to come face-to-face with a life-like version of her beloved plushie in a fantastic world full of wonders. Unaware of what lies ahead, Claire gratefully welcomes the adventures and lays all her trust in her dear old friend.

THE BEAR AND THE SEAGULL – On the edge of a cliff overlooking the vast sea, a bear is painting the landscape in front of him. Absorbing the tranquillity and serenity of nature, he is concentrating on his work. Never would he suspect that a very curious seagull will soon put a sudden end to his peaceful pastime. Not ceasing to tease the bear, it gradually infuriates the bear. Most surprisingly, this is how a new work of art is born.
