

VR Pavilion and VR to GO 2021

by Film Fund Luxembourg at Luxembourg City Film Festival

After a successful edition in 2020 with over 3300 visitors that was unfortunately cut short due to the pandemic lockdown, the VR Pavilion will once again await festivalgoers at **neimënster's** vaulted caves this year. From 4 to 14 March, a physical virtual reality cinema will screen an exciting selection of ambitious and award-winning 360° films, including the winner of last year's **Luxfilmfest** Best Immersive Experience award and a of number Luxembourg co-productions.

In addition to the on-site VR Cinema at neimënster the 2021 VR Pavilion will be the launch pad for a new initiative – VR to Go. This tailor-made solution developed by **PHI**, the Pavilion's trusted partner in Montréal, relies on rental VR headsets to allow users to experience the Pavilion's immersive programmes over a few days, in the safety and comfort of their own home. The setup is simple and requires no outside assistance. Impactful documentaries, animated tales, audiovisual spectacle... with VR to Go, be swept away on an immersive journey to other worlds, all in your own time and without breaking travel restrictions!

Thank you to our partners: LuxFilmFestival, PHI Montréal, neimënster and Digital Luxembourg!
